

Australian Fiber Optic Fast Connector 4-pin

Article Overview

The Australian Fiber Optic Fast Connector 4-pin is a field-installable, pre-polished connector designed for quick, low-loss termination of single-mode or multimode fibers.

Key Features

- **Field-Installable and Pre-Polished:** FASTConnect® connectors eliminate the need for hand polishing, using a factory pre-cleaved fiber stub and index-matching gel for immediate low-loss termination .
- **Mechanical Splice Technology:** Ensures precise fiber alignment and reliable signal transmission, suitable for both 250 µm and 900 µm fibers, as well as 2 mm and 3 mm cordage .
- **4-Pin Configuration:** Supports multi-fiber connections, commonly used in enterprise, FTTx, LAN, and industrial automation applications .
- **Color-Coded Identification:** Each connector is color-coded according to industry standards for easy identification during installation .
- **Tool-Less Termination:** Designed for quick installation without specialized tools, making it ideal for field deployment .
- **Compatibility:** Works with LC, SC, ST, and MPO connector types, supporting both single-mode and multimode fibers .
