

Belgian commercial-grade optical module supplier

Article Overview

ESTEL and Belgian Optical Supply are key Belgian suppliers of commercial-grade optical modules, with Mouser Belgium providing additional optoelectronic components.

ESTEL

Founded in 2024, ESTEL specializes in the design and manufacture of optical modules for telecom, datacom, defense, and space communication infrastructures. The company focuses on state-of-the-art optical communication solutions, emphasizing innovation, technical expertise, and rigorous quality control. ESTEL offers customized solutions tailored to client needs, ensuring reliable and durable products suitable for high-performance networks and industrial applications .

Belgian Optical Supply

Belgian Optical Supply, based in Kuurne, West-Vlaanderen, is a recognized supplier of optical components in Belgium. While specific product details are limited, the company is listed in the Dun & Bradstreet business directory, indicating its role as a commercial supplier for optical equipment and modules .

Additional Options

For broader access to optoelectronic components, Mouser Belgium serves as an aut...
