

Chad Well Logging Fiber Optic Cable Price List

Article Overview

Fiber optic well logging cables in Chad typically range from \$0.50 to \$6 per foot depending on type, strand count, and installation complexity.

Estimated Material Costs

Fiber optic cable prices vary widely based on fiber type, strand count, and construction:

- Single-mode fiber: \$0.10-\$0.50 per foot for standard cables; ideal for long-distance well logging applications .
- Multimode fiber: \$0.30-\$1.00 per foot; suitable for shorter runs or local monitoring .
- High-strand-count cables: 12-strand cables cost around \$0.50 per foot, while 24-strand or 288-strand backbone cables can reach \$1-\$6 per foot .
- Armored or harsh-environment cables: \$0.50-\$5 per foot; necessary for direct burial or high-pressure well environments .
- Pre-terminated assemblies and patch cables: Higher costs due to factory termination and connector type .

Installation and Project Costs

Installation costs depend on distance, trenching, splicing, and termination:

- Indoor short runs (1,000 ft): Cable \$0.40/ft, labor \$1.00/ft, permits and accessorie...
