

# Denmark Fireproof Cable Trays

## Article Overview

SILTEC offers high-quality, fire-resistant stainless steel cable trays from Denmark, suitable for industrial and commercial applications.

Recommended Supplier: SILTEC

SILTEC is a leading Danish manufacturer of stainless steel and fireproof cable trays, with over 30 years of experience in cable routing systems. Their trays are designed to be corrosion-resistant, durable, and gentle on cables, making them ideal for environments requiring high safety standards, including food, chemical, and IT industries. Key features include:

- Material: First-class stainless steel, hot-dip-galvanized, or electro-galvanized options.
- Sizes: Lengths up to 3000 mm, widths from 25 mm to 600 mm, and heights from 25 mm to 125 mm. Custom sizes are available.
- Design: Patented lock trays allow easy cable access for maintenance while keeping cables secure.
- Types: Compact trays for light cabling, heavy-duty trays for large-width or high-load applications, and horizontal trays for heavy or wide cabling.
- Installation: Easy to install, extendable, and suitable for both new installations and retrofits. SILTEC also provides wire mesh cable trays, which offer excellent ventilation, visibility, and fire safety, making them suitable for high-temperature or fire-prone environments.
