

Distribution box housing supplied by manufacturer

Article Overview

Leading manufacturers of distribution box housings include JEAN MÜLLER, Wieland, Boxexpert, and INDU-ELECTRIC, offering customizable, standard-compliant enclosures for industrial, commercial, and residential applications.

Key Manufacturers and Offerings

JEAN MÜLLER provides a wide range of enclosures and distribution boards, including service entrance boxes, small distribution pillars, and low-voltage distribution cabinets. Their products can be supplied empty for customer installation or fully equipped and ready for connection. They emphasize sturdy construction, in-house component production, and compliance with DIN EN 61439/DIN 43629 standards, offering individual consulting and tailored solutions for power distribution and energy measurement applications. Wieland specializes in decentralized electrical installation solutions, offering distribution boxes suitable for buildings, industrial plants, and smart building applications. Their products support pluggable installation, energy and signal distribution, and are designed for harsh environments, including moisture-prone areas. Wieland's distribution boxes comply with IEC 61439 and IEC 61535 standards, ensuring reliable and flexible installation. Boxexpert focuses on professional enclosure solutions for industry, providing control cabinets, industrial enclosures, fuse and distribution boxes, and installation enclosures in various materials and sizes. They offer extensive customization options, modifications for specific applications, and fast delivery through their online shop. Boxexpert emphasizes innovative solutions and expertise in enclosure technology for diverse i...
