

Eastern European Distribution Box Configuration Table Manufacturer

Article Overview

Leading Eastern European manufacturers like Etigroup, ELDI, and Wieland offer modular, IEC 61439-compliant distribution boxes with customizable configurations for industrial, commercial, and residential applications.

Key Manufacturers

1. Etigroup (ETIBOX Series) Etigroup provides a wide range of distribution boards with IP30, IP40, and IP65 protection, using fiberglass-reinforced polyester enclosures for durability in extreme conditions . Their GT-Type metal enclosures are suitable for both industrial and civil buildings, offering high mechanical strength and functionality. Accessories and DIN rail-compatible configurations allow flexible internal layouts for breakers and control devices . 2. ELDI (Latvia) ELDI specializes in custom distribution boxes and complex systems, from small local control panels to large automation cabinets . All products comply with IEC 61439 standards and EU directives, including the Low Voltage Directive 2014/35/EU and Electromagnetic Compatibility Directive 2014/30/EU. Cabinets are CE-marked and tested, with options for project-specific customization, including modular DIN rail layouts, cable management, and environmental protection levels . 3. Wieland Electric Wieland offers smart, decentralized distribution boxes for buildings and industrial plants, supporting pluggable installation and flexible configurations . Their products comply with IEC 61439 and IEC 61535 standards, enabling integration of energy, signal, and data distribution. Wieland emphasizes modularity, energy efficiency, and adaptability for smart building applications, with options for prefabrication and project-specific I...
