

High-quality stainless steel cable trays from Western Europe

Article Overview

Top stainless steel cable tray suppliers in Western Europe include Eurostrut, Spina Group, DKC Europe, OBO CMS, and Electrix, offering durable, corrosion-resistant solutions for industrial and commercial installations.

Key Suppliers and Products

Eurostrut offers stainless steel cable trays suitable for indoor and outdoor use, including distribution trays, cable routes, and NATO-type models. Their trays feature open or perforated designs to reduce overheating, and they are available in various widths, heights, and configurations for flexible installation. Spina Group provides ladder and perforated cable trays in stainless steel, hot-dip galvanized steel, and optional aluminum. Their systems comply with EN and UL standards and include accessories such as elbows, junctions, supports, and protective covers for dust, humidity, and mechanical impact protection. Custom sizes and thicknesses are available to meet specific project requirements. DKC Europe supplies a comprehensive range of cable tray systems for civil and industrial infrastructures, including stainless steel options. Their solutions focus on energy protection, transport, and distribution, suitable for large-scale installations. OBO CMS specializes in cable support systems, offering stainless steel trays, ladders, and mesh trays. Their products are designed to withstand diverse weather conditions and mechanical loads, with a focus on efficiency, safety, and long-term reliability in industrial environments. Electrix is a leading supplier of stainless steel wire basket cable trays, widely used in food, beverage, and pharmaceutical industries. Their trays are lightweight, corrosio...
