

Italian fiber optic cable connector company

Article Overview

Optoplast and Tratos are among the leading Italian manufacturers of fiber optic connectors and related components.

Key Manufacturers

Optoplast Founded in 1988, Optoplast specializes in connectivity and passive components for fiber optic networks, including Biconical connectors and 16fo MTP connectors. The company operates four manufacturing facilities in L'Aquila, Bergamo, Milan, and Naples, producing pre-wired cables from 4 to 48 fibers for internal and external installations. Optoplast assembles over 2 million standard connectivity terminations per year and develops custom solutions for telecom, data centers, broadcasting, industrial, military, and medical applications . Tratos Tratos is an international manufacturer of optical fiber cables and connectors, supplying Telecom Italia since 1982. They produce a wide range of single-mode and multimode optical fiber cables, including loose tube, ribbon, and hybrid copper-fiber cables. Tratos focuses on high-performance solutions for FTTH installations, underground, aerial, and indoor applications, emphasizing durability and ease of installation . Other Notable Companies

- Fibernet: Innovates in fiber optic installation equipment and connectivity solutions, including FTTH network deployment .
- Cavicel: Designs and produces fiber optic cables for global markets, with a focus on quality and reliability
