

Jamaican large-scale optical fiber cable manufacturer

Article Overview

Key Jamaican manufacturers and providers of optical fiber and cable include TELiCON Group and several verified local cabling companies, supporting the island's growing fiber optic infrastructure.

Major Local Providers

TELiCON Group is a prominent Jamaican company offering a full range of telecommunications services, including fiber optic and coaxial cable installation, network cabling, IT infrastructure, and PBX systems. They provide end-to-end solutions for voice, data, video, and wireless networks, making them a key player in Jamaica's optical fiber market. Other verified cabling and fiber optics companies in Jamaica provide telecommunications engineering, IT consulting, and structured cabling solutions across Kingston, Saint Catherine, and other regions. These companies cater to both commercial and residential clients, supporting Jamaica's expanding broadband and connectivity needs.

Market Context

The Jamaican fiber optic cable market is experiencing steady growth, with projected annual growth rates increasing from 1.85% in 2025 to 4.01% in 2029. This growth is driven by rising demand for high-speed internet, government initiatives like the National Broadband Initiative, and investments by major telecom operators such as FLOW (formerly Cable & Wireless) and Digicel, which have expanded fiber networks...
