

Price of Double-Tower Fireproof Cable Trays

Article Overview

The price of Double-Tower Fireproof Cable Trays varies widely depending on size, material, fire rating, and supplier, typically requiring a direct quote from manufacturers or distributors.

Factors Affecting Price

The cost of fireproof cable trays, including double-tower designs, depends on several factors:

- **Material:** Steel, stainless steel, or fiberglass-reinforced plastic (FRP) trays have different costs, with FRP often being more expensive due to corrosion resistance and fireproof properties .
- **Fire Rating:** Trays tested to stringent standards like DIN 4102-12 or other fire-resistance certifications may cost more due to specialized manufacturing and testing .
- **Size and Load Capacity:** Larger trays or those designed to carry high-voltage or heavy cable bundles increase material and production costs .
- **Accessories and Installation:** Fireproof pillows, intumescent pads, and cable cleats for securing cables can add to the overall cost .

Typical Suppliers

- **Cablofil / Thorne & Derrick UK:** Offers fireproof cable trays tested to DIN 4102-12,...
