

Price of High Voltage Distribution Boxes in Inner Mongolia

Article Overview

The average price of a high voltage distribution box in Inner Mongolia is around \$1,316 per unit.

High voltage distribution boxes in Inner Mongolia are available from multiple suppliers, including Inner Mongolia Caizheng Electrical Equipment Manufacturing Co., Ltd., which specializes in high and low voltage complete sets of equipment, distribution cabinets, and multi-function power instruments for industrial and construction use . These products are recognized for their quality, superior performance, and compliance with technical audits and national standards . The price of \$1,316 per unit is an average estimate for industrial-grade high voltage distribution boxes with anti-corrosion coatings, suitable for single-unit purchases, and can vary depending on specifications, volume, and supplier . For bulk orders or customized solutions, contacting local manufacturers or distributors directly, such as Inner Mongolia Su Meng Technology Electric Power Equipment Co., Ltd., is recommended to obtain precise quotes and delivery options . When purchasing, consider factors such as rated voltage, current capacity, protection features, and installation requirements, as these can influence the final price. Additionally, suppliers on platforms like Europages provide direct contact options for inquiries and quotations, which is useful for comparing prices and negotiating bulk discounts . Overall, while \$1,316 serves as a reference, actual costs may vary based on technical specifications, order quantity, and supplier agreements.
