

Price of Iron Cable Tray Elbows

Article Overview

Iron cable tray elbows are available starting around \$1.30 per piece for bulk orders, with prices varying by material and supplier.

Pricing Overview

- **Bulk Pricing:** On platforms like Alibaba, cable tray elbows can be purchased in bulk for approximately \$1.30 per piece, available in galvanized and stainless steel options, suitable for industrial and commercial use (Alibaba.com).
- **Local Suppliers:** Prices may vary depending on the supplier, country, and shipping costs. For example, buyers in Australia sourcing Spanish cable tray elbows are advised to request bulk pricing and shipping costs from suppliers (Go4WorldBusiness).
- **Material Considerations:** Hot-dip galvanized steel is commonly used for durability and corrosion resistance, while stainless steel options are available for environments requiring higher corrosion protection (TheProjectEstimate.com, Ekabel24.de).

Factors Affecting Price

- **Material Type:** Galvanized steel is generally less expensive than stainless steel.
- **Size and Angle:** Standard elbows (e.g., 90°) are priced per piece, but larger or custom angles may cost more.
- **Quantity:** Bulk orders reduce the per-piece cost significantly.
- **Shipping and Import Fees:** International orders may include additional shipping and customs charges.
