

Price of Mobile Power Distribution Box Shell for Construction Sites

Article Overview

Mobile power distribution box shells for construction sites typically range from around €150 to several hundred euros, depending on size, capacity, and features.

Typical Pricing

- Small portable units with basic 230V/16A and 32A sockets, IP44 protection, and plastic housing are available for approximately €150–€250 on platforms like Amazon, including pre-wired options with circuit breakers and safety features (KOOP Elektro model) .
- Larger or higher-capacity units with multiple 230V and 400V sockets, MCCBs, and pre-wired assemblies for temporary site mains can cost €500–€1,500 or more, depending on amperage rating and customization .
- Custom or OEM/ODM shells can be quoted based on quantity, design, and specifications. Suppliers like those on Made-in-China offer tailored solutions, with prices provided after inquiry, typically within 48 hours .

Factors Affecting Price

- Voltage and Current Rating: Higher amperage (e.g., 125A–250A) and three-phase 400V units are more expensive than standard 16A–32A single-phase boxes.
- Material and Protection Class: IP44–IP65 rated enclosures, fire-resistant technopolymer, and robust construction increase cost.
- Pre-wired vs Empty Shell: Pre-wired units with circuit breakers, RCDs, and sockets are more expensive than empty shells intended for custom wiring....
