

Price of right-angle bends on cable tray facades

Article Overview

Right-angle (90°) cable tray bends typically range from \$20 to \$100 per piece, depending on size, material, and supplier.

Overview of Cable Tray Bends

Right-angle bends are essential for changing the direction of cable tray runs in electrical and industrial installations. They are available in various types: medium-duty, flat bends, and perforated bends, and are usually made from pre-galvanized steel for durability and corrosion resistance . Common widths include 225mm, 450mm, and 600mm, with larger trays generally costing more .

Typical Pricing

- Medium-duty 450mm 90° bend: Prices generally start around \$40-\$60 per piece, with bulk or trade discounts available .
- Flat bend 225mm (Unitrunk KLMR225FB90): Smaller bends for tighter spaces are priced around \$20-\$35 per piece, depending on supplier and delivery options .
- Medium-duty 600mm 90° flat bend: Larger bends for heavy-duty installations can cost \$80-\$100 per piece .
- Perforated bends: Often used for indoor installations, prices vary by width and manufacturer, typically \$30-\$70 per piece .
