

Price range of modular cable trays in Papua New Guinea

Article Overview

Modular cable trays in Papua New Guinea typically range from USD 50 to USD 250 per 3-meter section, depending on material, size, and customization.

Overview

Modular cable trays are widely used in industrial, commercial, and IT installations in Papua New Guinea for routing and protecting electrical cables. They are available in galvanized steel, stainless steel, and powder-coated finishes, with options for perforated, ladder, or solid-bottom designs . The price varies based on material quality, load capacity, corrosion resistance, and customization.

Typical Price Range

- Standard Galvanized Steel Modular Trays: USD 50-120 per 3-meter section. These are commonly used in general electrical and construction applications .
- Heavy-Duty or Stainless Steel Trays: USD 150-250 per 3-meter section. These are suitable for high-load or corrosive environments, such as industrial plants or coastal areas .
- Custom or Specialized Raceways: Prices can exceed USD 250 per section if the trays are designed for specific layouts, tamper-proof installations, or advanced cable management systems .
