

# Purpose of Morocco Secondary Distribution Box

## Article Overview

Secondary distribution boxes in Morocco are robust electrical enclosures designed for safe power distribution in residential, commercial, and industrial settings, available from local manufacturers like ETS ASSMELLAL and TIS Maroc.

### Overview

Secondary distribution boxes, also known as electrical distribution cabinets, are essential for managing and protecting electrical circuits in buildings and industrial facilities. They distribute power from the main supply to various circuits while providing protection against overload, short circuits, and leakage. These boxes are used in residential homes, offices, industrial plants, hospitals, schools, and high-rise buildings.

### Types and Features

- Distribox by ETS ASSMELLAL
  - Material: High-resistance plastic
  - Protection: IP44 rating, anti-theft closure
  - Compliance: Certified to NFC 15-100 and Moroccan standards
  - Installation: Wall-mounted, easy to install
  - Applications: Residential, tertiary, and utility installations
- 
- XRM Lighting Distribution Box
  - Material: Fully enclosed metal or plastic...
