

Ranking of Palestinian Buried Optical Cable Manufacturers

Article Overview

There is currently no publicly available ranking of Palestinian buried optical cable manufacturers, but regional suppliers in the Middle East serve the Palestinian market.

Regional Context

Palestine does not have a widely recognized domestic fiber-optic cable manufacturing industry. Most optical fiber and buried cable deployments in the region rely on imports from Middle Eastern and global manufacturers. Companies such as Fahad Cables Industry FZE in the UAE are prominent regional suppliers, offering single-mode and multi-mode fiber optic cables suitable for telecommunications and data transmission projects . These manufacturers provide cables that meet international standards like IEC 60793 and IEC 60794, ensuring reliability for buried and outdoor installations.

Global and Regional Suppliers

While Palestinian-specific manufacturers are limited, several Middle Eastern and nearby regional companies supply buried optical cables:

- Fahad Cables Industry FZE (UAE): Offers a wide range of fiber optic cables, including armored and outdoor-rated types for long-distance and FTTH applications .
- Prysmian Group (Italy, regional distributors): Supplies high-capacity optical cables and connectivity solutions across the Middle East
