

What brands of optical splitters are available

Overview

284 Beam Splitter manufacturers listed. Narrow down on the list of companies based on their location and capabilities. Their expertise in fiber solutions for telecommunications ensures high-quality performance in connectivity technology. Hosecom. CRYSTAL CLEAR SOUND - Optical cable splitter allows you to split sound from one optical audio source such as HDTV into two receiving output devices, such as an A/V receiver and a soundbar. It can distribute the optical energy transmitted through a single fiber to two or more fibers in a predetermined ratio or combine the optical energy from multiple fibers into one fiber.
