

XM type distribution box manufacturer

Overview

Gaobo Power Solution's XM series distribution box is a professional low-voltage power distribution device designed for indoor use. The body of the box is made of cold-rolled steel plate through welding. Embedded or suspended types can be selected according to the installation method. We are best XM Distribution Box supplier. Experts in electric cabinet systems with global service. Detailed description: The switchboard is designed for use in office and administrative buildings, commercial facilities, and residential premises in general AC 50 Hz distribution networks with a rated voltage of 220/380 V. XM Cabinet is widely used in lighting distribution systems of power station, transformer station, factory, mine, hotels, apartment, buildings, port, railway station, airport, warehouse, hotels etc.
